

V. International Ege Composite Materials Symposium 2021

4-6 November 2021
Aska Lara Resort & Spa, Antalya

Hybrid Symposium

[Prof. Dr. Dimitrios Aggelis](#)

Vrije Universiteit, Department of Mechanics of Materials and Constructions, Brussel, Belgium

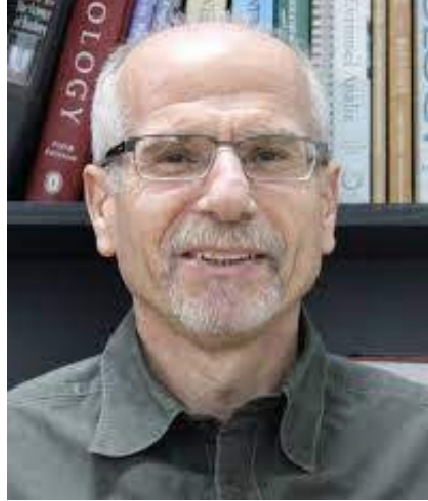

Title: Elastic Wave Techniques for Characterization of Advanced Structural Materials

[Prof. Dr. Mohammad Mahdi A. Shirazi](#)

Membrane Industry Development Institute, Tehran, IRAN
Green-MEMTECH, Incubation Center, Chemistry and Chemical Engineering Research Center of Iran (CCERCI), Tehran, Iran

Title: Novel Composite Nanofibrous Membranes for Water Treatment

[Prof. Dr. İsmail Türkan](#)

Ege University, Faculty of Science, Department of Biology, Izmir, Turkey

Title: Oxidative Stress and Antioxidant Response in Plants During Climate Change.

[Prof. Dr. Uğur Ünal](#)

Koç University, Chemistry Department, Istanbul, Turkey

Title: Graphene Aerogel as a Support for Highly Dispersed Metals for Catalytic Reactions
